## ANNUAL MAGAZINE

2018

# From the Principal's pen

Welcome all, to the fabulous publication that is the 2018 School Magazine. It is wonderful to see a collection of student work, all in one place that demonstrates the journey of learning that occurs in a child's Primary years.

It is hard to imagine that my first year of being Principal at Deni North is over. It has been a wonderful introduction to the amazing students at North and the things they can achieve.

I wish Year 6 the best of luck in High School and beyond. I can't wait to hear about your accomplishments in the future.

There are many people to thank in the publication of a magazine like this.

Firstly, to the very generous community of sponsors, who's names are printed at the bottom of each page and inside the back cover, we thank you. You make it possible for us to provide all of our wonderful students with a memento of the year. To the staff and students who have prepared work for publication, thank you. Without you, there would be no magazine.

I wish everyone a very Merry Christmas, filled with the happiness of family and friends. Be safe, and come back ready for another wonderful year of learning at North in 2019.

# 3/4 M'S YEAR IN REVIEW

## Jack's year

I learnt how to play bin ball in sport,  
When we played beside the hall,  
The ball rolled onto the court.  
I learnt how to use PEEL,  
Point, Explain, Elaborate, Link.  
It makes me start to feel,  
Like all this writing uses my ink.  
2018 has been a good year.  
I have had a break through.  
I may share a tear,  
For I met Charlie Rory & Matthew.

## Matt's year

In cross country Charlie and I made it so far,  
In the first round I came 1<sup>st</sup> and Charlie, came  
2<sup>nd</sup>; we were so fast,  
My dad came to see it in a car,  
Then we were a bit sad for the person who  
came last.  
The 3<sup>rd</sup> round I was even more nervous,  
I was about to spew,  
So I went back and sat down,  
because I wanted to hide in a shoe.  
Then people started to frown.  
I made it to Sydney.  
I was so happy!

## Ava's year

I like to learn.  
Shape poems are the best.  
It was so hot, I felt like I was  
Melting.  
Writing blitz is hard;  
Even more than mathematics.  
I would prefer to go into the yard,  
And perform acrobatics.

## Max' year

My year has been good,  
But I tussle with maths and  
handwriting.  
I wish the teacher would  
let me go kiting.  
I enjoy art and sport,  
Hatching and bin ball,  
Going to the court,  
Or dodging in the hall.

## Stella's year

I love poetry;  
It is such a blast.  
I get a lot of work done.  
I finish the work extremely  
fast.  
My maths is improving,  
So is my art.  
My brain is oozing,  
Including my heart.  
It was a good year,  
But I am glad it is done.  
I yell out a cheer,  
And say, 'holidays what fun!'

Tyeesha's year

I really enjoyed playing sport, Gonoodle and poetry.  
It was all a challenge,  
And my mum went to Rotary.  
We participated in a lot of maths,  
And I learnt some fun games.  
I sit next to my friends,  
And they have cool names.  
I have been here a long time.  
I will miss my best friend.  
It has been an exciting year,  
But I look forward to it coming to an end.

Jarren's year

There are certain things that I like about school, like learning the games we play called, bin ball and European handball.  
I learnt a lot of maths, spelling, writing, reading, HSIE, science and geography. The most enjoyable activity in maths was multiplication tables and fractions.

Grace's year

I love doing poetry; it is such a blast.  
I get my work done; I hope it will last.  
While we were shading I told the teacher, that I was doing well.  
He said, go on and excel.  
I enjoy shading, even though they are fading, while we do more,  
And by the end of the year,  
I knew how to spell our teacher's name.

Lauren's Year

I like to learn art.  
When I paint,  
I feel extremely smart.  
Writing!-I am learning!  
Oh great writing!  
You make me listen,  
Oh I feel like lightening.  
Oh drama you're so dramatic,  
When you say your feelings,  
It's kind of cute I guess,  
Wheeling and dealing.

Megan's year

I learnt maths and drama.  
I enjoyed doing shading.  
I did write a poem about a llama.  
I hope I get a good grading.  
I have strategies to learn how to spell.  
I went to Riverina,  
And I'll miss Mel.  
It was so fun, but nerve racking,  
But it made me keener.  
I always piggyback Samara.  
We have a certain type of computer,  
And I have a SECRET set of headphones,  
So I can be a communicator.

Rory's year

At school I learnt how,  
To play European handball.  
It was so much fun;  
I'm glad I didn't fall.  
Maths can be difficult;  
I think I've had an improve.  
Numbers running around in my head,  
Makes me want to move.  
I'll miss all my friends.  
I'll be in a new class.  
I'm so looking forward,  
I am sure I will pass.

### Ned's year

I enjoyed learning how to sketch a door.  
It was fun when I drew a sun.  
I also had fun playing sport;  
It took a while but I eventually I was taught.  
We played and we won,  
But when the bell rang, we were done.  
Some things I am working on,  
Like Maths!-It makes me yell.  
Multiplication and division,  
It is always a confusing decision.  
We had fun playing in the sun,  
With our favourite water gun.  
Now the year is nearly over,  
I celebrate with Pavlova.

### Fletcher's year

I'll really miss sport,  
Because I ran all around.  
What I did in 'fresh',  
Was skid along the ground.  
I learnt how to be neat,  
Because I never looked at my feet.  
Now with my neatness improved,  
I'm in a good mood.

### Samara's year!

I enjoyed Borambola and TOM;  
They were just so much fun!  
I enjoyed getting onto new websites.  
All the games, they had wonderful sights!  
I had trouble with my factors, but in the  
end, I got them down.  
I was so smart I made myself a  
congratulations crown!  
I'll miss my friends.  
I've done so many activities; soon they'll be  
coming to an end!  
2018 has been a good year,  
I know that when it ends I'll start to tear!  
Yay yay yay yay!!!!!!!!!!!!!!  
No school! No tests! Hooray!!!!!!!!!!!!!!

### JB's year

I had fun with a bunch of things,  
Like shading and bin ball,  
Athletics carnival and Leo Barry,  
And new games like Fresh and European  
handball.  
I enjoyed the challenges along the year,  
Like wrestling with tests most of the time.  
Even though I do a number of hard subjects  
I don't have any difficulty with  
poems that rhyme.

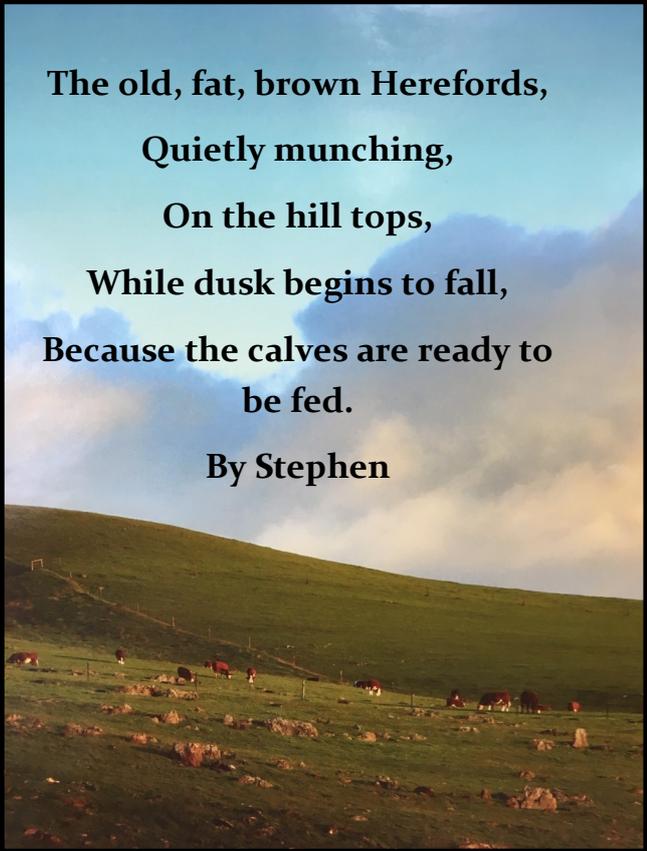

### Isaac's year

I learnt fractions and decimals that run through  
my head.  
All those number  $1/3$ ,  $1/2$ ,  $1/4$  make me dizzy;  
They end up putting me to bed.  
My dreams are full of numbers that make me feel  
busy.  
I enjoyed playing sport,  
Including fresh and bin ball.  
Running out on the court,  
Sometimes I had a sprawl.  
I will miss my friends,  
I will see them again.  
In the holidays I will tend to my hens,  
I hope they won't escape from their pens.

### Andrew's year

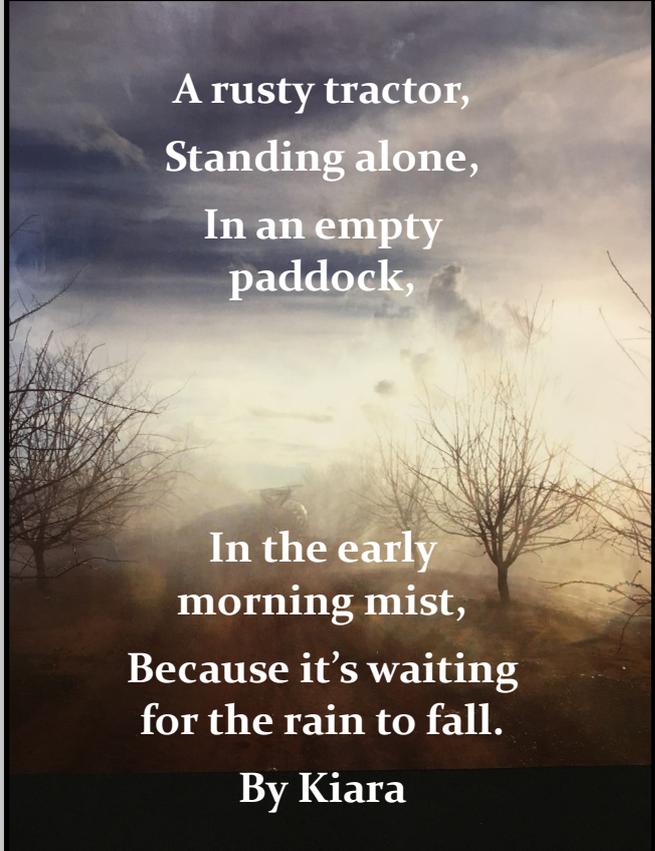

I have learnt how to play bin ball;  
It is fun.  
I am sure we won't play in the hall,  
And I've made a pun.  
Some things I enjoy,  
Are discussing and speaking.  
Like a large convoy,  
Trucks working hard when squeaking.  
What I will miss, is my friends,  
With them will be bliss.  
I look forward to all the weekends.

# POETRY BY 3/4S

The old, fat, brown Herefords,  
Quietly munching,  
On the hill tops,  
While dusk begins to fall,  
Because the calves are ready to  
be fed.

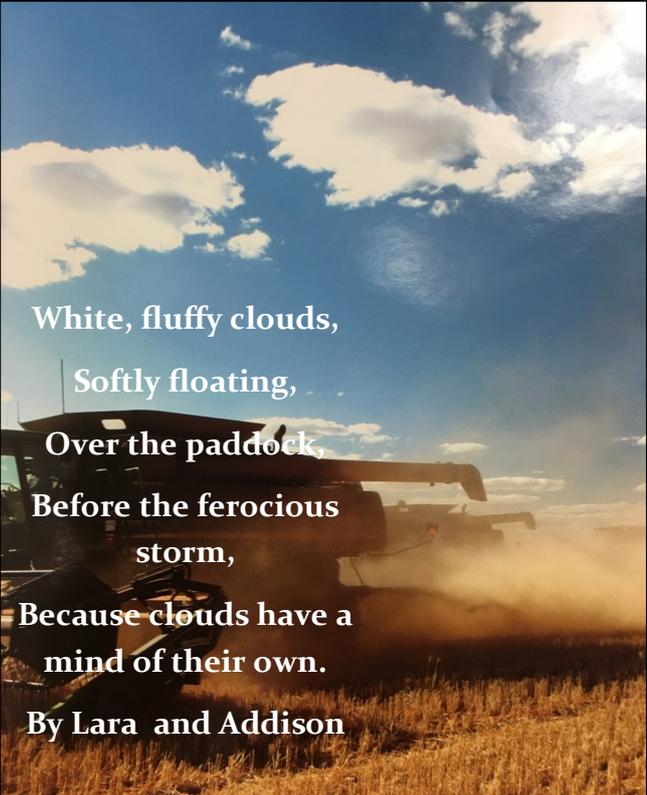

By Stephen

A rusty tractor,  
Standing alone,  
In an empty  
paddock,

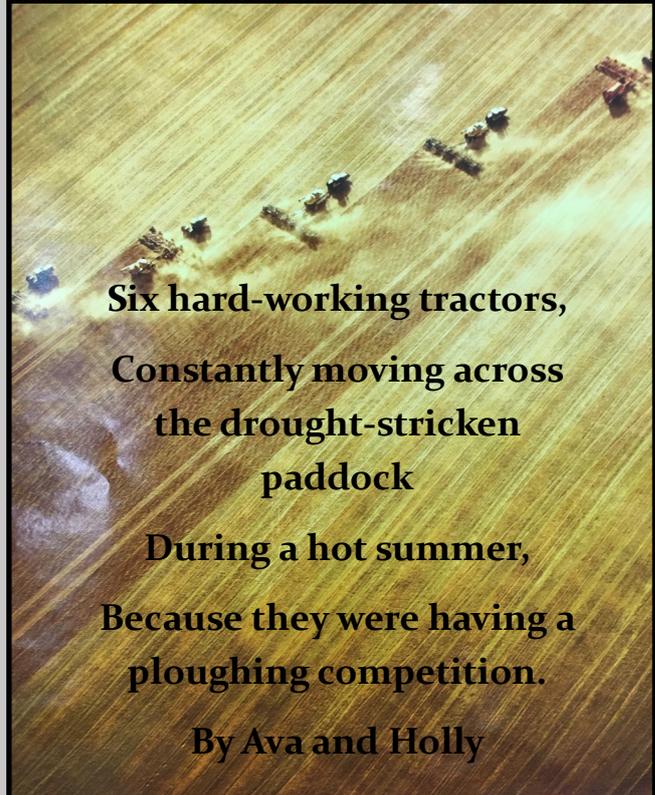

In the early  
morning mist,  
Because it's waiting  
for the rain to fall.

By Kiara

White, fluffy clouds,  
Softly floating,  
Over the paddock,  
Before the ferocious  
storm,  
Because clouds have a  
mind of their own.

By Lara and Addison

Six hard-working tractors,  
Constantly moving across  
the drought-stricken  
paddock

During a hot summer,  
Because they were having a  
ploughing competition.

By Ava and Holly

The young fat cattle,  
Patiently standing,  
At the dusty sale yards,  
On Wednesday,  
During sale day,  
Because it was time to  
go to the butchers!

by Harry and Mitchell

The old, smelly, dirty  
calves,  
Constantly mooing,  
In the dusty cattle yards,  
During the endless  
drought,  
Because they were  
starving.

By Ellie and Lucy

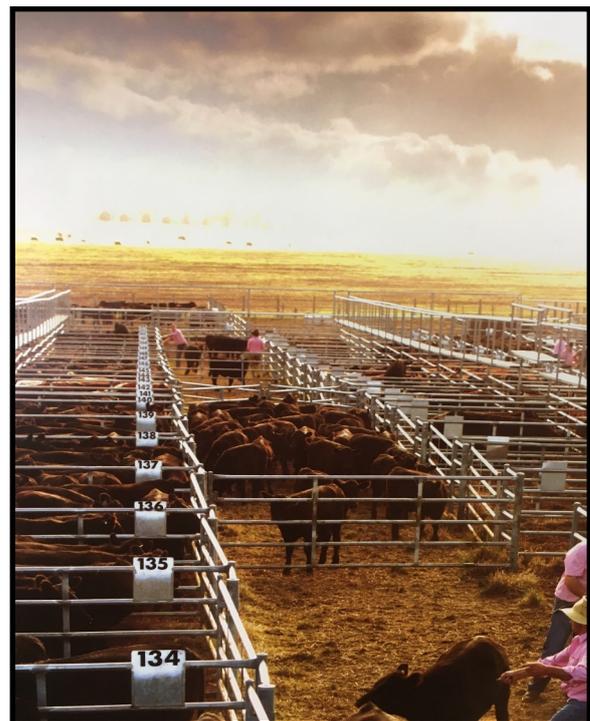

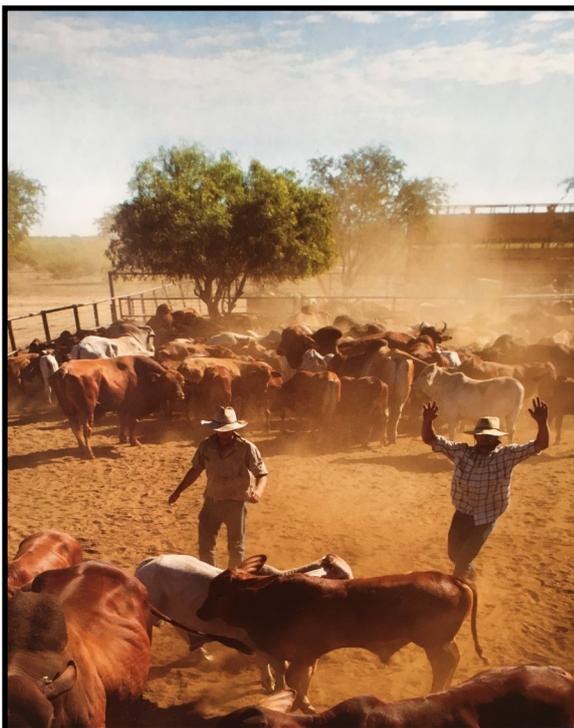

There once was a kid  
called Gus,  
Who wanted to ride  
on a bus.  
The bus had a crash,  
It really went smash!  
And there was a  
really big fuss.

By Angus

There once was a man called Charlie,  
He had a best friend called Harley,  
They lived on a hill,

Near a friend called Bill.  
They were in the middle of Bali.

By Charlie B & Henry

**The dirty, murky waters,  
Of the winding, river bed,  
Is home to many creatures,  
And ducks are fed with bread.  
Green grasses of the channels,  
And yabbies caught in nets,  
Are where we like to spend  
our days,  
Drifting 'til the sun sets.**

**By Emma & 3/4S**

**There once was a boy named  
Harry,  
Who had a puppy named Gary.  
They went to the park,  
And played in the dark,  
Where Gary found a friend to  
marry.**

**By Harry**

**I love a drought-cast country,  
A land of bones and dust,  
A record breaking country,  
With people we can trust.  
I love her when it's raining,  
I love her when it's dry,  
Her cracked and broken earth,  
The beauty of the sky.**

**By Eliza & 3/4S**

**There once was a girl named  
Bella,  
Who lived in the town with  
her fella.  
They went to the park,  
Walked home in the dark,  
When she was eating a jar of  
Nutella.**
