A BENT TAIL

Eboni worked on a farm. On the farm there was a blue lake. In the blue lake there was a mermaid. The mermaid's name was Matilda. She had a rainbow tail.

One day, Matilda's tail got bent back.

"My tail has been bent!" screamed Matilda.

Eboni heard Matilda screaming. So, she ran out the front door of the farm house, and jumped on her unicorn. The unicorn had rainbow wings. Its name was Dimity.

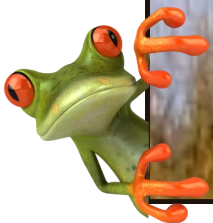

Eboni and Dimity flew to the lake,
and saw Matilda with a bent tail.

"Calm down mermaid!" said Eboni. "I
will fix your tail."

Dimity, the unicorn was very thirsty. She didn't like the water in the lake, so she flew back to the barn for a drink. She had a big drink of water. Eboni whistled to the unicorn, and it flew back to the lake.

ALL FIXED

Eboni swam out into the water. She pulled the mermaid out of the lake.

Dimity had a magical horn on her head. She put her magical horn on Matilda's bent tail.

WHOOO!!-Matilda's tail was back to normal.

WHOOO!!

Eboni said, "good job, unicorn!"

-And she pushed the mermaid back into the water, so its tail wouldn't get dry.

The mermaid swam all the way to the other side of the lake. And then, she jumped into the air to say, 'thank you'.

Eboni and Dimity said, "that's alright!"

Then, they flew back to the farm.

When they got there, Dimity was very tired from flying, so she went to bed.

HUNTERS and PUPPIES

Eboni went to the dog kennel to check on the dogs, because one of them was having puppies.

When she was at the dog kennels, she heard a splashing sound. The splashing sound was coming from the lake.

Eboni woke up Dimity, and they flew back to the lake.

But, when they got there, Matilda was gone.

From out of nowhere, came Liam and George. They were hunting mermaids. They had a big, fishing net. They were looking for a mermaid to catch and eat. They had a torch. They turned it on, and the torch lit up.

Liam and George looked and looked in the lake, but the mermaid was gone.

George and Liam ran off, because Dimity charged at them like a bull. They were scared of her magical horn.

Eboni and Dimity flew back to the dog kennel, and Eboni checked on the dogs. She got a big surprise!

In the kennel there were a hundred and two rainbow puppies.
