Last week I saw a crocodile in the zoo. The next day I went to the zoo again. I went to the crocodile's cage. He wasn't there anymore. I said "That is weird!" I looked around the zoo. I couldn't find him. I looked all night. I got tired. I fell asleep. On Thursday he came back. I hugged him. He bit my finger off. I cried. Mum said, "What's the matter daughter?" I said, "The crocodile bit my finger off."

I go to little athletics on Fridays. We do lots of running and jumping. We also do shot put and discus where you have to throw things. I got a medal that is yellow and gold. It says that I went to little athletics.
