Deni Swimming Club

Hi all,

The end of the school year is almost here and we realise that you are all very busy getting reports and presentation days under way. We were wondering if we could bother you for the last time this year with a note for your newsletters. This is about our annual Learn to Swim program in January 2014. We are always looking out for more instructors, so if any teachers, parents or high school students would like to come along and volunteer, instructions will be given, even if it is only for a couple of nights, it would be really wonderful to have some new faces come along. Please call Cheryl McMillan on the below number if you have any questions.

Thanks and regards

MAGIC HOGAN-THE FLYING MOUSE

A long, long time ago there lived a strange creature in the forests of Deniliquin. He flew around over the forest. He was a very magical creature that could fly. Hunters saw the strange creature and started firing paint-ball bullets at him.

The creature was not injured, but he was so tired from ducking the paint-ball bullets that he had to make an emergency landing right on top of a pink and purple jelly castle.

Poor magic creature had to eat his way out of the jelly. He didn't know that it was magic jelly that turned him into a flying mouse!

Up he went again, and suddenly he saw a huge enormous pile of cheese. "Gi' me, gi' me, gi' me," he squeaked.

Splat! He was so busy squeaking that he misjudged his landing and fell, Kersplosh, in the cheese. He ate his way out of trouble- what a hungry mouse he was! Now he had a belly full of jelly and a chin full of cheese. But wait- breakfast was not over yet!

Just as he thought he would never eat again, he saw a huge watermelon. "Yummo!" he said, as he scampered over to it. "Yum, yum, and it's all for me!".

But he had forgotten to take out the watermelon seeds. He started spitting watermelon seeds into the air.

The last words people heard from him were...

"Run for cover- it's raining seeds"!

What a silly rat!
